User Management

Why doesn't this user see the same options I do?

- Some of the navigation tabs I see are not visible to another user
- Another user cannot select the same sites that I can

Answer:

- Program access is determined by a user's *security group* assignment
- Site visibility is determined by a user's *site* assignment

User A

User B

How do I remove a user from my Mosaic database?

- I have a user who will be on leave and will not need to access Mosaic during that time
- I have a user who has left the district and needs to be removed from the database permanently

Answer:

- Users can be Deactivated to temporarily remove access to Mosaic
- Once deactivated a user can be deleted permanently from the Mosaic database

The screenshot displays the 'User Information' form in the Mosaic database management system. The form contains the following fields and values:

Field	Value
Username:	johnG@kdschools.com
Name:	John G
Password:	
Confirm Password:	
Email:	JohnG@kdschools.com
Security Groups:	Site Manager X
Site Groups:	
Individual Sites:	Frederick Douglass Elementary X

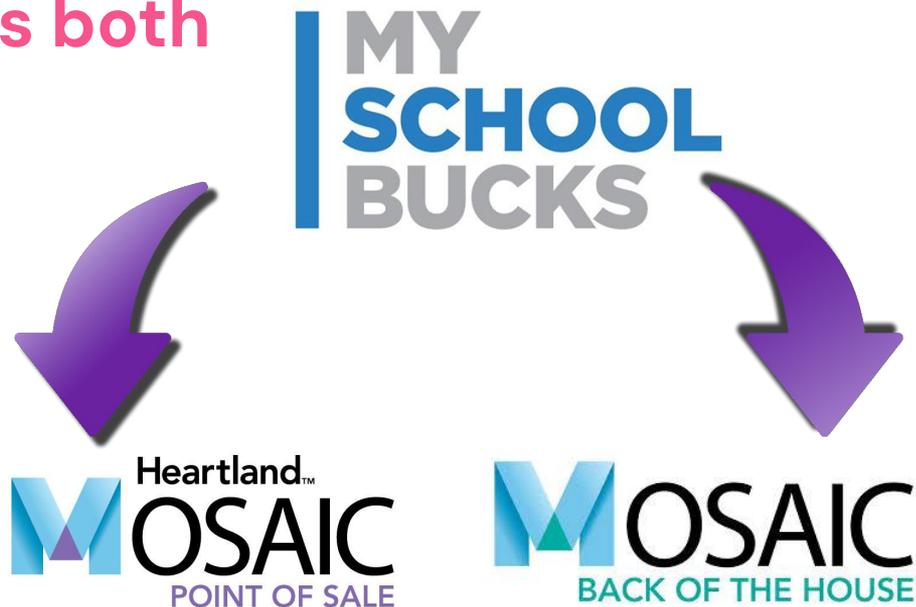

Below the form, there is a row of four buttons: 'Activate' (green), 'Delete' (red), 'Cancel' (blue), and 'Save' (green). A red box highlights the 'Deactivate' button, which is located to the right of the 'Individual Sites' field.

Can the same user access both Mosaic FOH and BOH?

- I have a user who can log into Mosaic FOH but not Mosaic BOH

Answer:

- Mosaic FOH and BOH are separate programs and will require separate user profiles to be set up
- You can link the same FOH and BOH user profile to just one MySchoolBucks account

Ingredients & Recipes

How do I add an ingredient?

- I have new ingredients to add to the program
- This is my first time adding an ingredient OR I haven't added an ingredient in a while
- Can you make sure I'm adding this correctly?

Answer:

- Ingredient nutrients should be added directly from the nutrient fact label. We can add measurements for different portion sizes
- Allergen hazards contained in the ingredient should be indicated
- Costing information can be added
- Bulk import option available

** Cells with this background color signify Requirements not being met!

- I have built my menu days
- My recipes have been set up to contribute the proper food based components

Answer:

- Reimbursable Meal Groups need to be created to populate the Weekly Requirements Report

Why is my Reimbursable Meal Group not meeting requirements?

- I am in the process of adding a new reimbursable meal group
- The recipes I am selecting are not satisfying my daily food based component requirements

Why is my Reimbursable Meal Group not meeting requirements?

- I am in the process of adding a new reimbursable meal group
- The recipes I am selecting are not satisfying my daily food based component requirements

Answer:

- Recipe component crediting is missing
- The recipes you've selected are not contributing enough

The screenshot shows the 'Components' tab for a recipe titled 'Banana & Strawberry Cup'. The 'Food Based Components' section contains the following fields:

- Meat/ALT: oz eq
- Count as Grain During Breakfast:
- Grains: oz eq
- Fruit: 0.5 cup (highlighted with a red box)
- Vegetable: 0.5 cup (highlighted with a red box)
- Milk: cup
- Milk Type:

Per USDA guidelines food based components measured in CUPS are creditable to the nearest 1/8 CUP and those measured in OZ are creditable to the nearest 1/4 OZ. The program will automatically round down to the next creditable portion.

The 'Subgroups' section is currently empty, with an 'Add' button at the bottom left.

At the bottom of the interface, there are buttons for 'Create Finished Product', 'Share', 'Delete', 'Copy', 'Deactivate', 'Cancel', and 'Save'.

Menu Sharing

Can I display my Mosaic menus on my district's website?

- I have built a months worth of menus
- I want to show my students and their parents what will be offered
- Having my menu online would make it more accessible

Answer:

- Yes! The Menu Plan Calendar report has a web export option which can include nutrient and allergen information
- MBOH can integrate with MealViewer

Inventory Management

How do I fix a transaction with incorrect information?

- A user committed an inventory transaction with the wrong quantity
- A user committed a Physical Count with the wrong quantity

Answer:

- Once a transaction is committed we cannot edit it, but we can correct our inventory with an Adjustment
- Perform an Adjustment to add or remove stock to correct the On-Hand quantity

Adjustment #171 - 10000-001 : Beans, Green, Cut #x

Site:	George Washington Elementary
Quantity on Hand:	3 Case (6/#10), 0 #10 Can
Adjustment Type:	Subtract (-)
Purchase Unit Adjustment Amount:	1 Case (6/#10)
Stock Unit Adjustment Amount:	0 #10 Can
Adjustment Reason:	Count Correction
Comment:	Entered incorrect quantity for Physical Inventory on 2/28

Cancel Commit Save

How should I handle a product we no longer use?

- I am no longer using a product, what is the proper way to deal with this?
- We are no longer ordering a product, but are still using it

Answer:

- A product that is still on hand, but is no longer being ordered can be discontinued
- A product that is no longer in use can be deactivated and zero'd out

Status:	Discontinued
Commodity:	Available
Default Commodity Value:	Discontinued

Add Item	Deactivate	Cancel	Save

Physical Counts

Can I delete a Physical Inventory session?

- Two sessions were accidentally opened for the same month
- An old session has a partial percentage complete

Answer:

- A Physical inventory session can be deleted as long as it is 0% complete – no quantities have been committed
- A Physical Inventory session cannot be deleted once any quantities have been committed, it will then need to be completed

Inventory Status	Completed	
Opened	0%	Setup
Opened	19%	Setup
Opened	99%	Setup
Opened	17%	Setup

Why can't I save my physical count?

- I'm adding my site's physical count but I can't select the save button

Answer:

- As you input your product counts into the program, they are being saved automatically
- The only time you will see the save button selectable is if the auto-save is interrupted (e.g. poor or dropped internet connection)

How can I streamline my day?

- Are there any tips for how I can streamline my day?
- What can Mosaic do to help use mine and my managers' time more effectively?

Answer:

- Production Records can be scheduled to run automatically
- Set parameters and frequency to send regular Production Records right to your reports inbox

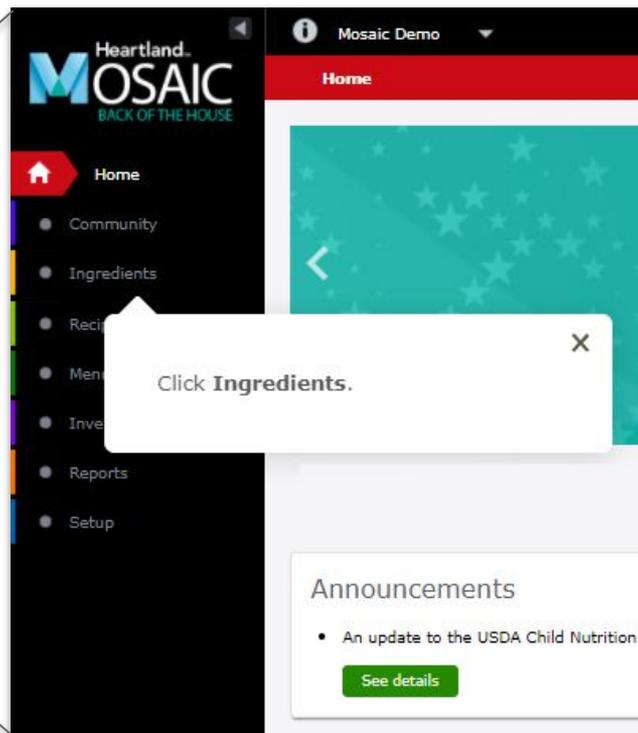

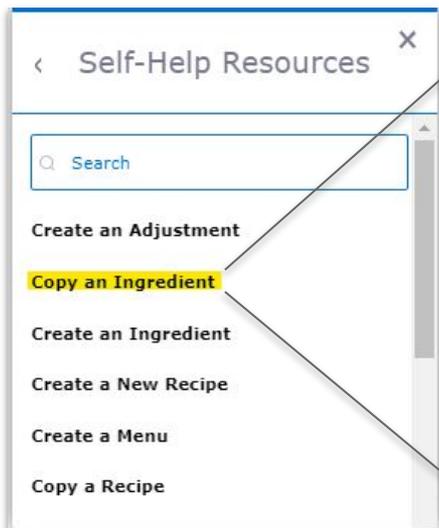

The screenshot shows a scheduling interface with a 'Schedule Report' button in the top right corner. The interface is divided into three sections:

- Start Time:** A dropdown menu set to '5:00 AM' with a clock icon.
- Recurrence Pattern:** A section with three radio button options: 'Daily' (selected), 'Weekly', and 'Monthly'. Under 'Daily', there is a dropdown set to 'Every 1 day(s)'. Under 'Monthly', there is a radio button for 'Every Weekday'.
- Range of Occurrences:** A section with three radio button options: 'No End Date' (selected), 'End after: 10 occurrences', and 'End by: 6/30/2024'. The 'Start' date is set to '3/16/2024' with a calendar icon.
